While many things are changing as a result of our System Upgrade, there are still plenty of things staying the same!

What’s staying the same
- SEFCU’s Routing Number will remain 221373383
- Debit and credit card numbers
- Debit and credit card Personal Identification Numbers (PINs)
- Existing checks will continue to be processed indefinitely. (New checks ordered through SEFCU after the System Upgrade will have your new account number.)
- Appearance of online banking (SEFCU OnLine) and Mobile app access
- ACH Direct Deposits set up before the System Upgrade will continue to process
- Statements and eStatements
- Member Rewards
- iTeller and iTeller on-the-Go
- Text Banking
- Text Alerts

Thank you for your patience and understanding as we make these critical improvements.
